MECHANICAL CHEMICAL SUPPLIES CO.

COMPANY PROFILE
2021

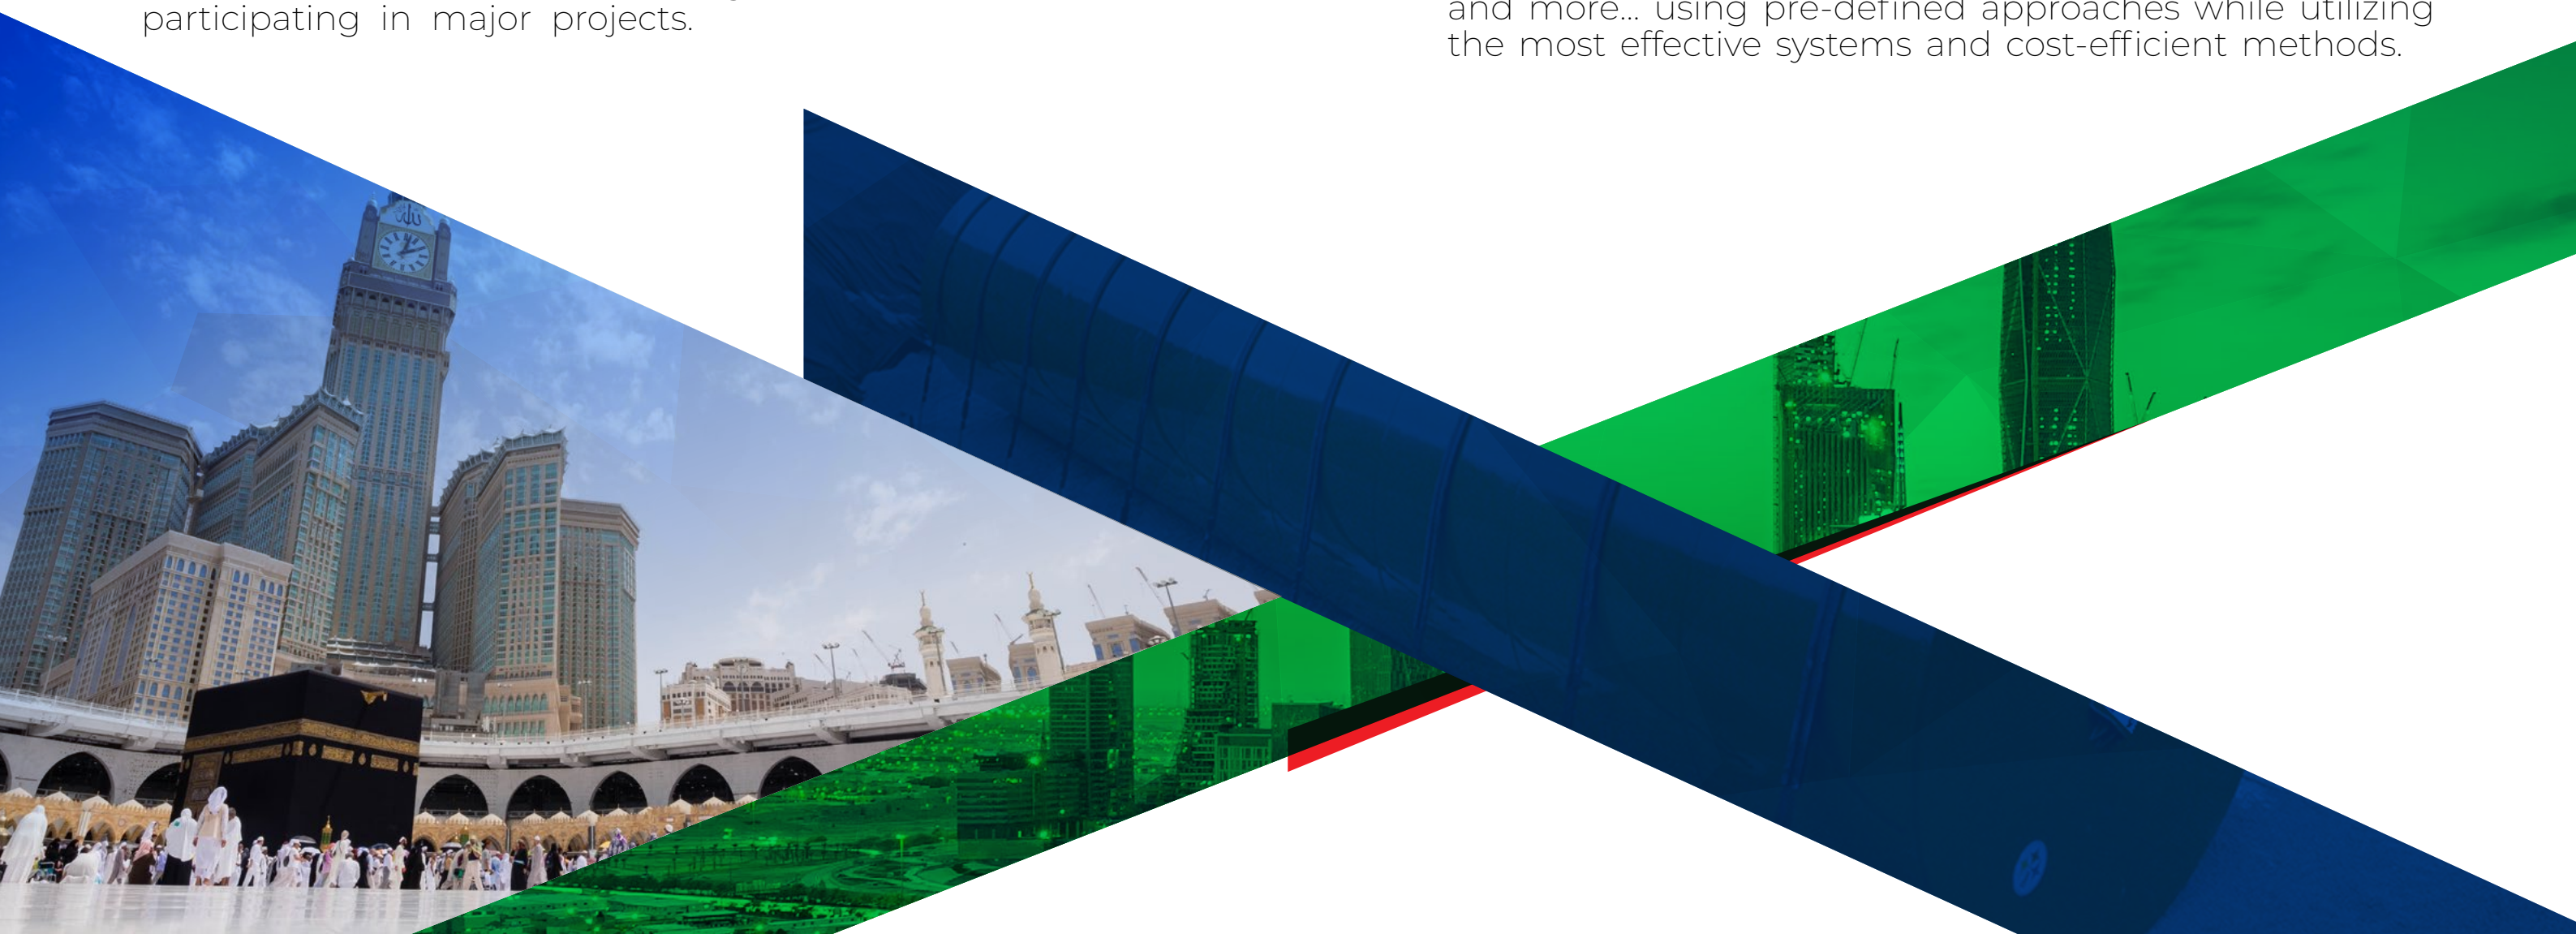

ABOUT MCC

MCC was founded by Mohammed Y. Al Hammouri in 1978 as one of the leading suppliers of quality mechanical and chemical materials in the region. MCC is committed to providing a complete spectrum of merchandise and services from the biggest international manufacturers as well as the local products. MCC has grown large during the economic boom in the Kingdom of Saudi Arabia participating in major projects.

MCC specializes in the supply and distribution of plumbing system and sanitary accessories for both private and governmental projects. As part of our success, we have demonstrated great partnerships and commitments with our affiliates in the field to support our customers with high quality products.

Throughout the years, we have operated to achieve the main goal of our existence, which is to establish a suitable and decent environment to support our clients to achieve their highest objectives. Our commitment is to promote, improve and maintain our customers' satisfaction. As well as to meet rigorous expectations of the market through the delivery of services complying with the highest standards.

MCC strives to leave a blueprint and make a positive impact by serving all types of facilities: Industrial, Commercial, Educational, Medical, Recreational, Religious, Residential, and more... using pre-defined approaches while utilizing the most effective systems and cost-efficient methods.

OUR VISION

We strive to be the leading plumbing solution business in the kingdom with outstanding quality, high-performance, and principles associated with exemplary and innovation expectations.

OUR MISSION

We seek to be the first in our sector and to have an impression on our clients by devoting ourselves to help realize our country's vision and growth of labor forces and their efficiency as well as stimulate the globalization of the industry.

OUR VALUES

- **Reliability:** Provide professional, diverse, and highly trained teams
- **Quality:** The ability to fulfill our clients' needs with the highest standards
- **Efficiency:** Value the time frame and delivery
- **Accountability:** Master the quality and results considering the cost of services
- **Togetherness:** Respect and encourage communications
- **Integrity:** Honesty and transparency in all our agreements
